## **REVIEW OF M1 ABRAMS TANK MOD**

- I write this review out of some small sense of bewilderment, having noticed that there seems to be a stark difference between books about suffering Christians written in Europe and the US, and those written by Orientals. The book itself was well-written, succinct, and incredibly honest, although I suspect there were many brutal indignities that Mrs. Wurmbbrand and her family suffered during their years in communist Rumania which she chose to keep private. My heart broke to read how cruel humans can be to one another, though I know it well from first-hand experience in a country where persecution is also used against believers, and I have lived through much of it myself. The Wurmbbrands and their fellow believers suffered terribly, first under the hands of ruthless Nazi Germans, then later under the hands of the godless Communist Russians. I greatly appreciated her forthrightness about her and Richard's struggles and their real thoughts as they were enduring their many burdens. Yet, it pains me that the person, the reality of the Holy Spirit -- the Great Comforter and the Ever Present Help in times of trouble -- does not seem to be the primary focus of this book. The focus is on the human element of the Wurmbbrand's lives. Wurmbbrand writes of her fear, her sorrow, her physical pain (and I commend her honesty), but even as she devotes one line here and there to mentioning that God did many miracles for her and her friends, she only delves into a couple of them spread throughout the book. It doesn't seem to be her foundational purpose in writing to convey the goodness and faithful nature of the Living God. She does mention these things, but they seem to be more added to her narrative as more of an afterthought, rather than THE central element around which the rest of her story revolves. The Spirit-filled life of peace that passes understanding seems to be missing entirely. No mention of when Jesus spoke to her, laid an impression on her heart, or gave her dreams and visions to warn and sustain her, although she does mention that her son had many dreams. After they fled Europe, the Wurmbbrands started a ministry to the persecuted church called Voice of the Martyrs. I have read so many of their publications, but I

discovered the same thing in each of these: no mention of the Spirit-filled life with the abiding presence of Jesus for comfort and sustaining, and yes, miraculous provision in the face of humanly impossible circumstances. I wondered how this could be, when I compared it to other books written by persecuted Christians who convey their sufferings very differently. Ah, now that I have read the biography of one of VOM's founders I understand! Yes, read this book for an accurate look at the tactics and schemes of a regime which intends to stamp out the remembrance of Jesus/Yeshua -- and learn from these things as we believers in the West will very soon be under the thumb of a regime which will use some of the same tactics against us. Nevertheless, if you want to read stories of brutally persecuted Christians where the central focus is the Savior -- his goodness, his faithfulness, his daily abiding presence, his overwhelming power to dramatically change and transform a person -- this is not the book. For that kind of focus, I recommend two other books: "The Heavenly Man" by Brother Yun and Paul Hattaway and "If I Perish" by Esther Ahn Kim. The Wurmbbrands lived lives of powerful testimony in their faithfulness to the Savior, and I honor them for this. I so deeply wish that I could have met them. Yet, I believe that our Savior beckons each of us believers to something more than the Wurmbbrands apparently experienced (based on their own writings) -- a more intimate walk with Him and a powerful Spiritual indwelling of His Holy Spirit that will empower and carry each of us through impossible times.

- This is my first read by Georgette Heyer. I've heard a lot about her, and I mean a lot, both from the historical fiction and the historical romance readers I know. She is the favorite of many, many readers. I was expecting a lot, and the book didn't disappoint. It is, in fact, a pleasing mix of romance and historical fiction. Lady Barbara Childe is the female equivalent of a rake. She flirts with many men, but refuses to get married after her first atrocious attempt. Colonel Charles Audley, however, is determined, patient, understanding, and in love with Barbara. They quickly get engaged, but that isn't the end of the story, although it had me confused for a bit, wondering where they would go next. On the other hand, there is the lead up to the Battle of Waterloo. As one of the Duke's personal staff, Charles is bound to go to the fighting and a great deal of the book deals with the looming conflict and the battle itself. I definitely was immersed in the period while reading this book. The beginning was a little slow because it takes time to get used to a whole different world. Heyer never slips out of it, and while the book was written a good 70 years ago, I still think that's impressive. The characters surprised me and jumped out of the page; especially Barbara, who is incredibly compelling and understandable by the end, despite the fact that she is about as different from me as possible. The best part, however, was definitely Waterloo. The book alternates between Charles' family and the battle itself, giving us two viewpoints. Heyer does a brilliant job getting across the tension, the distress, and the complete alienation from the world that the patient loved ones are feeling. The battle scenes are astounding and even upsetting because the author puts you right into the army's shoes. This is historical fiction at its best, showing us what the past may have been like. So now I begin to understand why Georgette Heyer is so popular. I've got another of hers waiting in my TBR pile and I'll be on the lookout for more. Her books are being reissued, so this may not be too difficult. The lovely cover above is the result of this reissue.
