**REVIEW OF FINANCIAL MARKETS AND INSTITUTIONS 7TH EDITION**

## JEFF MADURA

- I really enjoyed this book and have misplaced my copy. I hope that it is re-printed ASAP, as I would love to share the advise it gives with friends who are future brides. I was glad to have it by my side when I planned my wedding!
- This book tells the story of "Offred," a woman in a futuristic and highly repressive society. Women are relegated to either Handmaids, who bear young for the Wives, who are considered morally superior; and the "Aunts," who train the Hadmaidens and uphold the scriptures of

the society's religion. (It is hinted that a chemical disaster has left many women unable to breed.) Offred was caught, along with her husband and daughter, as they tried to escape to Canada. Right now, she must find a way to live in a society that prevents women from reading and doing more than housework and giving birth. Her world is further complicated by the fact that it is difficult to tell between friend and possibly future accomplice, and undercover spy. Intriguing and thought-provoking, the book will stay with you long after you finish the last page.
