The Story group Bible study provides groups of all sizes the opportunity to discuss and apply what they experience during the 31-week The Story church campaign. To understand the Bible, says Frazee, you need bifocal lenses, because two perspectives are involved. The Lower Story, our story, is actually many stories of men and women interacting with God in the daily course of life. The Upper Story is God's story, the tale of his great, overarching purpose that puts the individual stories together like panels in one unified mural. In 31 sessions, The Story video-based group

study opens your eyes to God's master plan unfolding in the lives of the Bible's characters and in your own life. Discover the heart of God's Upper Story, and the joy that comes as you align your story with God's. The Story Study Guide and DVD (sold separately) are designed for use by groups of all sizes, including small groups and Sunday school and adult education classes. Designed for use with The Story Adult Curriculum Study DVD (9780310329527) sold separately.

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then

Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

## **REVIEW OF CHAPTER 13 GUIDED READING ANSWERS**

- Super plot, great action, would make a great movie! Very hard to put down and very realistic. Will be looking for more from this author. Great job!
- The book contains several interesting examples of utterances

which tend to be spoken with the same intonation in American English. For instance, children tease each other by singing something like "Johnny has a girlfriend" on so-so-mi-la-so-mi. Although none of the writers on stylized spoken intonation attempt to identify the musical pitches which they refer to, a reader with musical training might be able to identify those pitches. [...] and see if you agree that the four pitches of American stylized spoken intonation are do, mi, so, and la.
