Designed to facilitate the use of audit data analytics (ADAs) in the financial statement audit, this title was developed by leading experts across the profession and academia. The guide defines audit data analytics as “the science and art of discovering and analyzing patterns, identifying anomalies, and extracting other useful information in data underlying or related to the subject matter of an audit through analysis, modeling, and visualization for planning or performing the audit.” Simply put, ADAs can be used to perform a variety of procedures to gather audit evidence. Each chapter focuses on an audit area and includes step-by-step guidance illustrating how ADAs can be used throughout the financial statement audit. Suggested considerations for assessing the reliability of data are also included in a separate appendix.

AICPA Professional Standards as of June 1, 1992 John Wiley & Sons

This new Guide has been developed by AICPA staff and the Equity Securities Task Force and is the first in a series of 3 NEW AICPA Accounting Valuation Guides to be released. This long anticipated release reflects best practices developed over the previous decade. Since the issuance of FASB ASC 718 and 505-50 in 2004, valuing stock-based compensation (“cheap stock”) has been a significant challenge for private companies. This New Guide has been designed to mitigate those challenges. It brings you practical guidance and illustrations related to accounting, disclosures and valuation of privately held company equity securities issued as compensation. This guide includes: Evaluating private and secondary market transactions — What should companies do when transaction activity doesn't match their estimates of value? Adjustments for control and marketability — How should companies think about the value of the enterprise for the purpose of valuing minority securities? When is it appropriate to apply a discount for lack of marketability, and how should the estimated discount be supported? Highly leveraged entities — How should companies incorporate the fair value of debt in the valuation of equity securities? What is the impact of leverage on the expected volatility of various securities? The relevance of ASC 820 (SFAS 157) to cheap stock issues Updated guidance and illustrations regarding the valuation of, and disclosures related to, privately held company equity securities issued as compensation This Guide also provides expanded and more robust valuation material to reflect advances in the theory and practice of valuation since 2004. This edition includes guidance from FASB ASC 718, 505-50, 820-10 and SSVS 1 which were all issued since the last AICPA guidance dedicated to this issue.

This updated and improved guide is designed to help accountants effectively perform SOC 1® engagements under AT-C section 320, Reporting on an Examination of Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting, of Statement on Standards for Attestation Engagements (SSAE) No. 18, Attestation Standards: Clarification and Recodification. With the growth in business specialization, outsourcing tasks and functions to service organizations has become increasingly popular, increasing the demand for SOC 1 engagements. This guide will help: Gain a deeper understanding of the requirements and guidance in AT-C section 320 for performing SOC 1 engagements. Obtain guidance from top CPAs on how to implement AT-C section 320 and address common and practice issues. Provide best in class services related to planning, performing, and reporting on a SOC 1 engagement. Successfully implement changes in AT-C section 320 arising from the issuance of SSAE 18, which is effective for reports dated on or after May 1, 2017. Determine how to describe the matter giving rise to a modified opinion by providing over 20 illustrative paragraphs for different situations. Understand the kinds of information auditors of the financial statements of user entities need from a service auditor's report. Implement the requirement in SSAE No. 18 to obtain a written assertion from management of the service organization. Organize and draft relevant sections of a type 2 report by providing complete illustrative type 2 reports that include the service auditor's report, management's assertion, the description of the service organization's system, and the service auditor's description of tests of controls and results. Develop management representation letters for SOC 1 engagements.

Q&a Guide to Financial Valuation John Wiley & Sons

Valuation for Financial Reporting: Intangible Assets, Goodwill, and Impairment Analysis provides guidance and insight in the identification and measurement of intangible assets and goodwill pursuant to the Financial Accounting Standards Board Statements of Financial Accounting Standards (SFAS) No. 141, Business Combinations and (SFAS) No. 142 Goodwill and Other Intangible Assets. The new rules are sweeping and complex. Valuation for Financial Reporting will bring clarity to CFOs, auditors, valuation professionals, and CPAs by explaining the valuation aspects of the new financial reporting requirements, including how to identify the characteristics of goodwill and intangible assets, determine if impairment has occurred, and employ specific methods to assess the financial impact of such impairment. While numerous articles and commentaries on the subject have appeared dating back to the time the FASB began considering the issue, Valuation for Financial Reporting is the first to provide “real world” examples of the valuation techniques and methodologies required to perform a purchase price allocation under SFAS No. 141 and an impairment study under SFAS No. 142. Valuation for Financial Reporting will help lift the veil of mystery surrounding these two important pronouncements and provide a practical guide for their implementation. This book: * Shows the CPA and client how to apply the new SFAS 141 rules

that pertain to all companies involved in an acquisition (buyer or seller) by analyzing and valuing the tangible and intangible assets acquired. * Teaches the CPA and client how to apply the new SFAS 142 rules that pertain to all companies that recognize and measure intangible assets and goodwill which may now be impaired * Presents detailed case studies and examples on how to apply and implement SFAS 141 and SFAS 142 * Provides a "How To" on the identification and measurement of intangible assets. * Includes a checklist for controlling the gathering of data necessary for the analyses and another checklist guiding the work program for methodologies * Offers guidance and examples for financial reporting purposes.

REVIEW OF AICPA VALUATION GUIDE

- This book can occupy a kid for almost their entire childhood with the ideas inside meanwhile teaching them allot of things that most kids in today's world never do. Now i hear allot of people talking about supposed racial slurs, yet there are no slurs at all, simply the terminology is of a different era. The book never uses the N word, but things like colored people which was the appropriate term in that era that was NOT derogatory. This book enthralled me from the first time i found it buried in our bookshelf and still does, i use it as a reference on how to make proper knots, or cool project ideas, finding ways to have a little adventure in my life. You will find complex projects that require a month of work, or ones that take ten minutes, it is a must for any American boy who wants to be more than just a gameboy kid who if stuck in a tight situation has no survival skills outside of suburbia.

- I have owned this book for many years, both my son and daughter have a copy. This is an absolute must read not just for those of the us who are Jewish; but for anyone who struggles with the truth or is incapable of telling it. I have given this particular book many, many times. Only recently I thought of a business arrangement involving a particular couple who would benefit from this book. I have ordered this book for them and hope this reading sets them free.
