REVIEW OF NUMBER THE STARS LOIS LOWRY

- Potok's "The Chosen" is a rare type of novel that can keep readers interested, as long as they are willing to pay attention. In the beginning, I was barely interested, but as I continued to read about the lives of the two boys, Reuven and Danny, I found myself yearning for Danny to gain confidence and speak up to his father, and hoping that Reuven would support him. This novel focuses on two teenage boys, Reuven and Danny that meet one day while playing on opposing teams in a softball game. Due to Danny being a Hassidic Jew and Reuven being Orthodox, the teams despised each other. After an accident involving a softball and a pair of glasses, Reuven and Danny come together and create what would become a magnificent friendship. The plot grows deeper when each of their fathers' differentiating beliefs come out through their actions and words. It appears the two adults couldn't be more different, in fact, it seems one of the only similarities is that each father deeply cares for his family. Although there are multiple themes used throughout the

novel, the one that stuck out to me was Secular vs. the Religious. Through the majority of the novel, Danny searches for a way to talk to his father about his future. Throughout Danny's life, his future had been planned for him, but he wanted to go against tradition and pursue a career that would make him happier with the outcome. Another representation of this theme is shown in the beginning, when there is so much hostility between the Hasidic and Orthodox teams in the softball game. Although everyone on each team is Jewish, the Orthodox are less strict and more lenient when it comes to Jewish tradition, which is why the tension between the two groups was so intense. In a way, the Hasidic don't believe that the Orthodox truly follow Judaism. The whole novel was, to simply put it, fantastic. I enjoyed nearly every aspect of it, although there were a few things that made it less enjoyable. Each page was loaded with brilliant description, the problem was that it was all so detailed that it made it harder to grasp, at times. But, I've never been one for loads of description, some may love it! I truly took pleasure in the characters. They were all so well-developed and they each had their own personality, which made the story a lot more interesting. Along with this book, I've also enjoyed some other works that took place during the Second World War. If you read this novel, you'll possibly enjoy "The Diary of Anne Frank" by Anne Frank, along with "Night" by Elie Wiesel. He tells of his experiences inside Auschwitz with his father. I recommend all three of these beautiful pieces of literature. Potok has outdone himself. This novel shouldn't simply be recognized as an American classic, but a classic that will live on throughout the world. (Word Count-493)

- This book was a required reading for my school, the book was too slow, and repetitive at some points. It took too long to get from conflict to climax, too much beating around the bush.
