Don't Panic--Dinner's in the Freezer Macmillan

Covers all aspects of a dog's physiology and care and discusses the different breeds of dogs

Just Breathe Puffin

A book of firsts! One epic collection containing the first book from three different New York Times #1 best-selling series by Rick Riordan. THE LIGHTNING THIEF: Zeus's master lightning bolt has been stolen and Percy Jackson is the prime suspect. He and his friends have ten days to find and return it and bring peace to a warring Mount Olympus. To succeed, Percy has come to terms with the father who abandoned him, solve the riddle of the Oracle that warns of betrayal by a friend, and unravel a treachery more powerful than the gods themselves. THE LOST HERO: Jason, Piper, and Leo find themselves at Camp Half-Blood where people won't stop talking about a curse and a camper named Percy who's gone AWOL. These three friends must rely on one another and their newfound demigod gifts as they embark on an epic quest to save Mount Olympus. THE HIDDEN ORACLE: Apollo, once the glorious god of the sun, music, and poetry, has been cast down to Earth in punishment by Zeus. Now, as awkward mortal teenager Lester Papadopoulos, he's been tasked with restoring five Oracles that have gone dark in order to regain his place on Mount Olympus. How is he supposed to accomplish that without any godly powers? He needs help, and a demigod named Percy Jackson shows him where to find it: at a training camp on Long Island called Camp Half-Blood. This primer of heroes and demigods will start readers on three unforgettable adventures. Bonus first chapters from two other amazing series promise more exciting journeys.

The Tower of Nero (the Trials of Apollo Book 5) Ulysses Press

Who cut off Medusa's head? Who was raised by a she-bear? Who tamed Pegasus? It takes a demigod to know, and Percy Jackson can fill you in on the all the daring deeds of Perseus, Atalanta, Bellerophon, and the rest of the major Greek heroes. Told in the funny, irreverent style readers have come to expect from Percy, (I've had some bad experiences in my time, but the heroes I'm going to tell you about were the original old school hard luck cases. They boldly screwed up where no one had screwed up before. . .) and enhanced with vibrant artwork by Caldecott Honoree John Rocco, this story collection will become the new must-have classic for Rick Riordan's legions of devoted fans--and for anyone who needs a hero. So get your flaming spear. Put on your lion skin cape. Polish your shield and make sure you've got arrows in your quiver. We're going back about four thousand years to decapitate monsters, save some kingdoms, shoot a few gods in the butt, raid the Underworld, and steal loot from evil people. Then, for dessert, we'll die painful tragic deaths. Ready? Sweet. Let's do this.

Crime and Punishment Paperback BenBella Books

A companion guide to THE TRIALS OF APOLLO series, set in the world of PERCY JACKSON. Camp Half-Blood FYI is the funny insider's guide to the demigod training camp in Long Island, narrated by none other than Percy Jackson himself, and other favourite characters will be heard from, too. In response to an awful camp orientation video created by the god Apollo, Percy Jackson and other residents of Camp Half-Blood answer such questions as "What is this place?" and "Do I get to keep the T-shirt?" Newbies can check out the section on the Divine Cabins, read up on Magical Landmarks, and consult the chapter of Training Arenas. But Camp Half-Blood Confidential explores much more than just the buildings and grounds. It includes info that can only be learned from those who live there. For instance, campers do not always co-exist in peace and harmony. The camp is not run with superior efficiency. Prophecies do not flow forth with great regularity. Sprinkled throughout are stories from heroes who have called Camp Half-Blood home or just passed through on their way to places unknown. Chiron himself introduces the book with a brief history of training based on his millennia of experience. And, of course, divine words of wisdom from the god Apollo himself are included, because the demigod authors would prefer not to be struck down by him, thank you very much.

The Unofficial Heroes of Olympus Companion Disney Electronic Content

You've read the book. You've seen the movie. Now submerge yourself in the thrilling, stunning, and action-packed graphic novel. Mythological monsters and the gods of Mount Olympus seem to be walking out of the pages of twelve-year-old Percy Jackson's textbooks and into his life. And worse, he's angered a few of them. Zeus's master lightning bolt has been stolen, and Percy is the prime suspect. Now, he and his friends have just ten days to find and return Zeus's stolen property and bring peace to a warring Mount Olympus. Series creator Rick Riordan joins forces with some of the biggest names in the comic book industry to tell the story of a boy who must unravel a treachery more powerful than the gods themselves.

Dork Diaries 3 1/2 Disney Electronic Content

So, what are you waiting for? Begin your analysis adventure today with electronic Ultimate Guide Rick Riordan book downloads. With a lot of titles and styles to select from, the opportunities are countless. Satisfied reading!

REVIEW OF ULTIMATE GUIDE RICK RIORDAN

- I have read this book many times over the years and decided having it on my Kindle would keep it available for reading anytime I wanted and now I may even read it more often.

- Gone With the Wind is novel of epic proportions, and it does read like a soap opera. Then again, so does every book this long (try War and Peace sometime). This book examines a spoiled, ante-bellum socialite who has never had to lift a finger and the way she deals with utter poverty, death, and tragedy all around her. The book does have its flaws, which I will touch on in a moment, but it should be read simply for Scarlett's struggle. Yes, she is rude, mean, and a generally selfish and scheming woman, but she also a paragon of strength who simply refuses to bow to anyone. Throughout the book, people say that Sherman himself should beware of Scarlett, and they're right. Getting away from Scarlett--difficult in this novel--there are several other main characters. Rhett--the only man she cannot lure with her charms, Ashley--the only man she cannot get with her charms, and Melanie--Ashley's saintly wife--the antithesis of Scarlett, whom Scarlett hates but feels compelled to help. Much of this book is somewhat depressing, reading about hunger, toiling in the fields, working on the sick, but it does make you appreciate what you have. Now, for the flaws. First, the big one: Racism. Yes, this book is racist, but, for heaven's sake, it was written in 1936 by a woman from Atlanta who had been raised with her antebellum grandmothers. It's set in the Civil War, and it does accurately portray the feelings of whites at the time. Some of the black sentiments ("Gee, Miss Scarlett, I wouldn't know what to do without you telling me") are a little incredulous, but there were some plantation owners who were nice to their slaves. Of course, the ones who get publicity were the evil ones. While evil slave owners did exist, this book is not about them, and it should be taken at face value. No, it isn't politically correct, but it wasn't meant to be. If you only want politically correct books, then you really can't even read the Bible. Other flaws: the subjection of women to men (think of the time era again), the length (some descriptive parts can be skipped), and the many plots (watch the movie as you go to keep it all together). Other than these few things mentioned, this book is a marvelous example of Southern literature, but don't take it as a historical novel of the Civil War because it wasn't meant to be that. It's the story of one woman's refusal to surrender to whatever comes her way. It just happens to take place during the Civil War. It could have happened during the American Revolution; it just didn't. Also, it leaves you with a serious debate with yourself: Scarlett--justified or evil? Yes, she gets her riches and life back while everyone else mopes, but they eventually get their lives back as well--they just didn't demean themselves. Rare is the book that makes you question your own thoughts on the main character.
