REVIEW OF OUT OF NOWHERE MARIA PADIAN

- I bought this book on

the recommendation of a preacher that I well respect. He said that every preacher should read this book once a year for the rest of his life.... I am only part way through the book and I can already say that it has been a great blessing to read!

- I found this on sale some time ago and bought it for my then 12YO. She was bored with it. Most of the "eye teasers" were wayyy too easy for her and then there were a few geography teasers that I didn't know. However, I took it out and played it with my now 4 1/2 YO and he thought it was great. There are super close-ups of animals, silhouettes, and pictures divided into 4 scrambled parts. The mental puzzles are wonderful fun for

younger kids, but older ones get them too fast to enjoy them. Then we just skipped the hard ones. Not the best book, but fun.
