REVIEW OF BIOLOGY LABORATORY MANUAL VODOPICH MOORE

- I love 1984: I think it's one of the most powerful, chilling books I've ever read. As such a big fan, I thought I'd alert other 1984 enthusiasts to a new book that updates Orwell's classic for the PATRIOT Act era. The book is John Twelve Hawks' electrifying, impossible-to-put-down The Traveler. In it, Twelve Hawks introduces us to the Vast Machine, an omnipresent surveillance entity every bit as brutal as Big Brother. With all the political poignancy of 1984--and Hollywood-caliber suspense to boot--The Traveler is a must-read for admirers of Orwell's masterpiece.

- This was a wonderful book which was a combination erotica and love story. Anne Rice vividly brings to life the characters in thi novel. She makes me want to run off and join The Club
