China Fireworks John Wiley & Sons

The #1 New York Times bestseller—Now a Major Motion Picture from Paramount Pictures From the author of The Blind Side and Moneyball, The Big Short tells the story of four outsiders in the world of high-finance who predict the credit and housing bubble collapse before anyone else. The film adaptation by Adam McKay (Anchorman I and II, The Other Guys) features Academy Award® winners Christian Bale, Brad Pitt, Melissa Leo and Marisa Tomei; Academy Award® nominees Steve Carell and Ryan Gosling. When the crash of the U.S. stock market became public knowledge in the fall of 2008, it was already old news. The real crash, the silent crash, had taken place over the previous year, in bizarre feeder markets where the sun doesn't shine and the SEC doesn't dare, or bother, to tread. Who understood the risk inherent in the assumption of ever-rising real estate prices, a risk compounded daily by the creation of those arcane, artificial securities loosely based on piles of doubtful mortgages? In this fitting sequel to Liar's Poker, Michael Lewis answers that question in a narrative brimming with indignation and dark humor.

How To Pick Winning Stocks and Sectors in the New Global Economy A Bull in China Investing Profitably in the World's Greatest Market

A detailed guide to overcoming the most frequently encountered psychological pitfalls of investing Bias, emotion, and overconfidence are just three of the many behavioral traits that can lead investors to lose money or achieve lower returns. Behavioral finance, which recognizes that there is

a psychological element to all investor decision-making, can help you overcome this obstacle. In *The Little Book of Behavioral Investing*, expert James Montier takes you through some of the most important behavioral challenges faced by investors. Montier reveals the most common psychological barriers, clearly showing how emotion, overconfidence, and a multitude of other behavioral traits, can affect investment decision-making. Offers time-tested ways to identify and avoid the pitfalls of investor bias Author James Montier is one of the world's foremost behavioral analysts Discusses how to learn from our investment mistakes instead of repeating them Explores the behavioral principles that will allow you to maintain a successful investment portfolio Written in a straightforward and accessible style, *The Little Book of Behavioral Investing* will enable you to identify and eliminate behavioral traits that can hinder your investment endeavors and show you how to go about achieving superior returns in the process. Praise for *The Little Book Of Behavioral Investing* "The Little Book of Behavioral Investing is an important book for anyone who is interested in understanding the ways that human nature and financial markets interact." —Dan Ariely, James B. Duke Professor of Behavioral Economics, Duke University, and author of *Predictably Irrational* "In investing, success means being on the right side of most trades. No book provides a better starting point toward that goal than this one." —Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School "'Know thyself.' Overcoming human instinct is key to becoming a better investor. You would be irrational if you did not read this book." —Edward Bonham-Carter, Chief Executive and Chief Investment Officer, Jupiter Asset Management "There is not an investor anywhere who wouldn't profit from reading this book." —Jeff Hochman, Director of Technical Strategy, Fidelity Investment Services Limited "James Montier gives us a very accessible version of why we as investors are so predictably irrational, and a guide to help us channel our 'Inner Spock' to make better investment decisions. Bravo!" —John Mauldin, President, Millennium Wave Investments

Investment Biker Harper Collins

From a renowned financial journalist who has written for *Time*, *Fortune*, *Forbes*, and *The New Yorker*, a fresh and unexpectedly profound book that draws on hundreds of hours of exclusive interviews with many of the world's super-investors to demonstrate that the keys for building wealth hold other life lessons as well. Billionaire investors. If we think of them, it's with a mixture of awe and suspicion. Clearly, they possess a kind of genius—the proverbial Midas Touch. But are the skills they possess transferable? And do they have anything to teach us besides making money? In *Richer, Wiser, Happier*, William Green draws on interviews that he's conducted over twenty-five years with many of the world's greatest investors. As he discovered, their talents extend well beyond the financial realm. The most successful investors are mavericks and iconoclasts who question conventional wisdom and profit vastly from their ability to think more rationally, rigorously, and objectively. They are master game players who consciously maximize their odds of long-term success in markets and life, while also minimizing any risk of catastrophe. They draw powerful insights from many different fields, are remarkably intuitive about trends, practice fanatical discipline, and have developed a high tolerance for pain. As Green explains, the best investors can teach us not only how to become rich, but how to improve the way we think, reach decisions, assess risk, avoid costly errors, build

resilience, and turn uncertainty to our advantage. Green ushers us into the lives of more than forty super-investors, visiting them in their offices, homes, and even their places of worship—all to share what they have to teach us. *Richer, Wiser, Happier* brings together the thinking of many of the greatest investment minds, from Sir John Templeton to Charlie Munger, Jack Bogle to Ed Thorp, Will Danoff to Mohnish Pabrai, Bill Miller to Laura Geritz, Joel Greenblatt to Howard Marks. In explaining how they think and why they win, this landmark book provides gems of insight that will enrich you not only financially but also professionally and personally.

Invested CFA Institute Research Foundation

Wall Street legend and bestselling author Jim Rogers offers investing insights and economic, political, and social analysis, drawing on lessons and observations from his lifetime in the markets. Jim Rogers, whose entertaining accounts of his travels around the world—studying the markets from Russia to Singapore from the ground up—has enthralled readers, investors and Wall Street aficionados for decades. In his engaging memoir *Street Smarts*, Rogers offers pithy commentary from a lifetime of adventure, from his early years growing up a naïve kid in Demopolis, Alabama, to his fledgling career on Wall Street, to his cofounding of the wildly successful Quantum Fund. In *Street Smarts*, Rogers takes us through the highlights of his life in the financial markets, from his school days at Yale and Oxford—where despite the fact that he didn't have enough money to afford the appropriate pair of shoes, he coxed the crew and helped to win the Oxford-Cambridge Boat Race as well as the Thames Cup, the first of his three Guinness World Records—to his first heady taste of Wall Street in the mid-1960s, and his years helping to run the most successful hedge fund on Wall Street. In the course of his new book, Rogers offers often surprising observations on how the world works—and what trends he sees in the future. The age of Wall Street, Rogers claims, when the finance industry drove 25% of America's growth, is over. Tomorrow's economy will be driven by those who make things—food, energy, goods and consumables. He explains why Asia will be the dominant economic force in the twenty-first century, and discusses why America and the European Union are in decline, and what we need to do to right our economy and society.

REVIEW OF A BULL IN CHINA INVESTING PROFITABLY THE WORLDS GREATEST MARKET JIM ROGERS

- My Wife and I are in the process of adopting 2 children. We were seeking something to help prepare our biological children for this new journey. *A Sister For Matthew* was a perfect book to help our son begin to think about the changes that he will experience. What was great about this book is it shows a vulnerable side with Matthew who really didn't want to adopt but falls in love with his new sister later. I would recommend this for any child but it is especially written for boys..
- I have wanted this book which is clear, concise and perfect for my habitat. I really shouldn't complain since the book was so inexpensive and I love it -- BUT -- when a book is listed as "--very good" I don't expect the cover to be bent in the middle (then was straightened out) so it was clearly folded on itself in the middle of the cover nor do I expect it to be dirty. That is the received condition of the book. The cover is coated so that was easy to clean (so easy one wonders why the seller didn't do it). As I said though it is a book I really wondered and at an almost free price.
