REVIEW OF BOOK LIBRO BIOLOGIA SOLOMON BERG MARTIN 9NA EDICION PDF

- If you are looking for a book that will teach you a lot about real estate and home inspections then this is not the book for you. The chapter information and text content of this book was very basic and did not teach me anything I didn't already learn from other books that were much better. Inspecting homes is something I have done for many years and I would not recommend this book to any customers or contractors. If you know absolutely nothing about real estate then you might learn a few things but not too much.

- We bought this Bible for our niece's 1st Communion. I think it would make an excellent 1st Communion gift! We also bought the Golden Book Bible, so that we could compare the two. My husband and I both liked Egermeier's better. I tried reading it to my 5 year old, but it didn't hold his attention. I think it would be a great Bible for a 7 or 8 year old. It has a picture about every 2 pages. I think that if it had a picture on every page, it would hold our son's attention. The Golden Book Bible was very good, and it had pictures on every page. I think Egermeier's is easier for a child to read and understand! I have really enjoyed reading it myself. I have a hard time putting it down! We will definitely buy one for our children when they get a little older, and we look forward to reading it to them! I also thought it was a great price on amazon!
