A History of Ancient Egypt

 Forgotten Books

The History of Egypt now offered to the English reader is distinguished in two respects from the long train of able and interesting works, which, in opening to the last and the present generations the life and story of the Old Egyptians, as by a new revelation, have at the same time thrown a clear and vivid light on many portions of Holy Scripture. The work is as unique in the competence of its Author as in the originality of its design. After all that has been done since the time when Young and Champollion discovered the key to the vast treasures of contemporary records which till then were a sealed book, it still remained for some competent scholar to undertake the Herculean task of weaving the testimony of the Egyptian records into a consecutive history of the long line of Pharaonic Dynasties, derived solely from these ancient and authentic sources^ and free of all colouring and intermixture from the traditions given at second-hand by the classic writers, which find their proper place elsewhere. No second-hand knowledge of the monuments and papyri, however learned or extensive, can be a sufficient qualification for the full and accurate rendering of their testimony. Nothing can suffice, short of that kind of scholarly instinct which is the first of a life-long study and comprehensive knowledge of the whole subject matter, based on a personal examination of the original records. These are the qualifications acquired and matured in the mind of Dr. Henry Brugsch-Bey, during his long residence in Egypt and his travels through the length and breadth of the land, with the express object of studying the monuments; qualifications which are shared alone by his friend and colleague, M. Mariette-Bey.

The History of Egypt Under the Romans

The recent revolution in Egypt has shaken the Arab world to its roots. The most populous Arab country and the historical center of Arab intellectual life, Egypt is a linchpin of the US's Middle East strategy, receiving more aid than any nation except Israel. This is not the first time that the world and has turned its gaze to Egypt, however. A half century ago, Egypt under Nasser became the putative leader of the Arab world and a beacon for all developing nations. Yet in the decades prior to the 2011 revolution, it was ruled over by a sclerotic regime plagued by nepotism and corruption. During that time, its economy declined into near shambles, a severely overpopulated Cairo fell into disrepair, and it produced scores of violent Islamic extremists such as Ayman al-Zawahiri and Mohammed Atta. In *The Struggle for Egypt*, Steven Cook--a Senior Fellow at the Council on Foreign Relations--explains how this parlous state of affairs came to be, why the revolution occurred, and where Egypt might be headed next. A sweeping account of Egypt in the modern era, it incisively chronicles all of the nation's central historical episodes: the decline of British rule, the rise of Nasser and his quest to become a pan-Arab leader, Egypt's decision to make peace with Israel and ally with

the United States, the assassination of Sadat, the emergence of the Muslim Brotherhood, and--finally--the demonstrations that convulsed Tahrir Square and overthrew an entrenched regime. Throughout Egypt's history, there has been an intense debate to define what Egypt is, what it stands for, and its relation to the world. Egyptians now have an opportunity to finally answer these questions. Doing so in a way that appeals to the vast majority of Egyptians, Cook notes, will be difficult but ultimately necessary if Egypt is to become an economically dynamic and politically vibrant society.

A History of Egypt Under Roman Rule Palala Press

NEW YORK TIMES BESTSELLER • “Magisterial . . . [A] rich portrait of ancient Egypt’s complex evolution over the course of three millennia.”—Los Angeles Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Publishers Weekly In this landmark volume, one of the world’s most renowned Egyptologists tells the epic story of this great civilization, from its birth as the first nation-state to its absorption into the Roman Empire. Drawing upon forty years of archaeological research, award-winning scholar Toby Wilkinson takes us inside a tribal society with a pre-monetary economy and decadent, divine kings who ruled with all-too-recognizable human emotions. Here are the legendary leaders: Akhenaten, the “heretic king,” who with his wife Nefertiti brought about a revolution with a bold new religion; Tutankhamun, whose dazzling tomb would remain hidden for three millennia; and eleven pharaohs called Ramesses, the last of whom presided over the militarism, lawlessness, and corruption that caused a political and societal decline. Filled with new information and unique interpretations, *The Rise and Fall of Ancient Egypt* is a riveting and revelatory work of wild drama, bold spectacle, unforgettable characters, and sweeping history. “With a literary flair and a sense for a story well told, Mr. Wilkinson offers a highly readable, factually up-to-date account.”—The Wall Street Journal “[Wilkinson] writes with considerable verve. . . . [He] is nimble at conveying the sumptuous pageantry and cultural sophistication of pharaonic Egypt.”—The New York Times

A History of Egypt Under the Ptolemaic Dynasty Princeton University Press

Robert Hunter's *Egypt Under the Khedives*, brought back into print in this paperback edition, was a pioneering work when first published in the 1980s, as Western scholars began to comb Egypt's national archives for an understanding of the social and economic history of the country. It is now recognized as one of the fundamental books on nineteenth-century Egypt: it is so archivally based and empirically solid that it forms the starting-point for all research. Hunter used land and pension records in Dar al-Mahfuzat, in addition to published archival collections like those of Amin Sami Pasha, to enlarge our understanding of the social dimensions of the politics of the period. A secondary and very important contribution of the work is its explanation of the way in which "collaborating bureaucrat-landowners" aided in the country's subordination to European political and economic dominance in the reign of Ismail. The big chapter on the unraveling of khedivial absolutism is a splendid piece of storytelling, as it explores the wild fluctuations in Egypt's finances, Ismail's desperate gambits to ward off European administrative scrutiny, and the defection of key officials in his regime to the European side. *Egypt Under the Khedives* appears on Oxford University's 'Best Thirty' list of "must-read" books in the field of Middle East history.

Under the Ptolemaic dynasty Palala Press

Excerpt from *The History of Egypt Under the Ptolemies* What may be termed the modern history of Egypt covers a period of more than twenty-two centuries. During this time the native Egyptian can

scarcely be said to have a national history, but the land of Egypt, and the races who have become acclimated there, have passed through many interesting phases. Professor Maspero completes the history of antiquity in that dramatic scene in which the ancient Egyptian makes his last futile struggle for independence. But the Nile Valley has remained the scene of the most important events where the strongest nations of the earth contended for supremacy. It is most interesting to note that the. Presents a history of Ptolemaic Egypt as a state, covering such topics as economic conditions, order and law, and politics.

[The House of Ptolemy](#) Palala Press

The ancient world comes to life in the first volume in a two book series on the history of Egypt, spanning the first farmers to the construction of the pyramids. Famed archaeologist John Romer draws on a lifetime of research to tell one history's greatest stories; how, over more than a thousand years, a society of farmers created a rich, vivid world where one of the most astounding of all human-made landmarks, the Great Pyramid, was built. Immersing the reader in the Egypt of the past, Romer examines and challenges the long-held theories about what archaeological finds mean and what stories they tell about how the Egyptians lived. More than just an account of one of the most fascinating periods of history, this engrossing book asks readers to take a step back and question what they've learned about Egypt in the past. Fans of Stacy Schiff's Cleopatra and history buffs will be captivated by this re-telling of Egyptian history, written by one of the top Egyptologists in the world.

[A History of Egypt Under the Pharaohs](#) Trieste Publishing

Explore the entire history of the ancient Egyptian state from 3000 B.C. to 400 A.D. with this authoritative volume The newly revised Second Edition of A History of Ancient Egypt delivers an up-to-date survey of ancient Egypt's history from its origins to the Roman Empire's banning of hieroglyphics in the fourth century A.D. The book covers developments in all aspects of Egypt's history and their historical sources, considering the social and economic life and the rich culture of ancient Egypt. Freshly updated to take into account recent discoveries, the book makes the latest scholarship accessible to a wide audience, including introductory undergraduate students. A History of Ancient Egypt outlines major political and cultural events and places Egypt's history within its regional context and detailing interactions with western Asia and Africa. Each period of history receives equal attention and a discussion of the problems scholars face in its study. The book offers a foundation for all students interested in Egyptian culture by providing coverage of topics like: A

thorough introduction to the formation of the Egyptian state between the years of 3400 B.C. and 2686 B.C. An exploration of the end of the Old Kingdom and First Intermediate period, from 2345 B.C. to 2055 B.C. An analysis of the Second Intermediate Period and the Hyksos between 1700 B.C. and 1550 B.C. A discussion of Greek and Roman Egypt between 332 B.C. and A.D. 395. Perfect for students of introductory courses in ancient Egyptian history and as background material for students of courses in Egyptian art, archaeology, and culture, A History of Ancient Egypt will also earn a place in the libraries of students taking surveys of the ancient world and those seeking a companion volume to A History of the Ancient Near East.

Derived Entirely from the Monuments Cambridge University Press

First published in 1927, this title presents a well-regarded study of this intriguing and often overlooked period of Egyptian history, both for the general reader and the student of Hellenism. Edwyn Bevan describes his work as 'an attempt to tell afresh the story of a great adventure, Greek rule in the land of the Pharaohs...which ends with the astounding episode of Cleopatra'. The result is a remarkable synthesis of historical scholarship, prose style and breadth of vision, which will still prove to be of value to Egypt enthusiasts and students of Egyptology.

A History Derived Entirely from the Monuments John Wiley & Sons

Excerpt from A History of Egypt Under the Pharaohs, Vol. 1 of 2: Derived Entirely From the Monuments The necessity for a new English Edition of the History of Egypt under the Pharaohs has pleased the German Author as much as it has filled him with gratitude towards the reading public in England. Far from believing that he could claim for his book the merit of having solved, even approximately, the endless difficulties of a continuous exhibition of the history of the ancient land of the Pharaohs, he regrets to be obliged to confess that his work is only an attempt to piece together the loose and crumbling stones of a building, which the ever-wasting tooth of time and the destroying hand of man have swept off the face of the earth almost to its foundations while a kind fortune has preserved but few remains of it to the present day. Such an attempt must therefore appear alike bold and of doubtful success; and a great responsibility has been laid upon the Author, whose zeal and efforts have been impeded on all sides in the search for the articulate witnesses of historical antiquity. Egypt.

A History of Egypt Under the Pharaohs Random House

Excerpt from The History of Egypt Under the Ptolemies The Author has given neither the arguments nor the whole of the authorities on which the sketch of the earlier history in the Introduction rests, as it would have had too much of the dryness of an antiquarian enquiry, and as he has already published them in his Early History of Egypt. In the rest of the book he has in every case pointed out in the margin the sources from which he has drawn his information. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. REVIEW OF HISTORY OF EGYPT UNDER THE MUHAMMAD ALI DYNASTY WIKIPEDIA

- I'm not much of a Dean Koontz fan; his tendency to use 'deus ex machina' to resolve plots and such has always put me off. I'm also not much of a fan of the horror genre anyway, so I rarely read Koontz. However I had heard a bunch about this series, including the rumor that Martin Scorsese had at one time expressed interest in producing it for TV. Anyway, I was really kind of glad to read this and see that Koontz had put a little life and a novel twist to the old story. I'm actually looking forward to the next two parts.

- I was looking for a hard to find book in large print. I was shocked to see that they were selling a new edition for about \$1.57. I was skeptical but for the price took a chance and was amazed to find that I received exactly what was described in perfect brand new condition. The delivery time was also very, very fast. I'll check out their WEB site in the future for more extraordinary values. Craig Heard, New York, NY
