REVIEW OF 1347 1352 LA PESTE NOIRE

- This is a book to be avoided by aficionados, since it is very basic and general in its approach and adds absolutely no new information to that which can be found in previously published books and magazine articles. The author would have done better by presenting this book as a personal diary rather than a book which is supposed to supply information as to why Cubans are "The Ultimate Cigars."
- I am a avid fan of N.T. Wright's writings on the New Testament. He has proved himself to be an

excellent source for a balanced and critical scholar who is not afraid to go against the grain. As we await the 3rd volume of *Christian Origins*, promised to be written about Paul, this is a decent foretaste. I enjoyed the book but gave it three stars for the following reasons. The title is really misleading. It was not so much about the answering the question present in the subtitle. He writes only his last chapter addressing this question in response to A.N. Wilson's popular, though flawed,

biography of Paul. Secondly, I was disappointed in the amount of detail and comprehensiveness in the book. If you're a beginner in Pauline studies, I recommend this book highly. It discusses the main issues of Pauline studies concisely and clearly and points one to further studies. If you're anxious to read Wright's 3rd volume, you should wait a little longer. This book will disappoint you -- unless you're looking for a light weekend read.
