We hope this article has actually motivated you to discover 1347 1352 La Peste Noire, get in touch with fellow visitors, and create your very own evaluations. Satisfied reading!

REVIEW OF 1347 1352 LA PESTE NOIRE

- Love in the time of war! You can't beat it. The first time I read this book I was interested in the love story. When I read it again, I was mesmerized with the portrait of a time and place which have been erased from our collection memory by layers of political correctness. This paperback edition is lovely, by the way, and it doesn't break apart the way some big paperbacks can.

- I only knew the story from the movie, so I bought this book ... The first half of the book was ok, I liked the descriptions of the suffocating constraints of upper class society at the time and Scarlett's rejection of them. The devastation of war and the struggle that Scarlett and her

family went through were powerful. However, that second half of the book completely turned me off the the story. Margret Mitchell's descriptions of the reconstruction were so vile I almost put the book down. Blacks were only happy being slaves, they were too stupid for anything else. The only good blacks in the book are the ones who can serve the whites. Big Sam says he had enough of freedom and wants to go back to Tara. He even states incredulously that while in the north whites wanted him to sit at the table like he was their equal, but he couldn't do it because he is not the equal to whites. Mitchell actually says that he smiles and feels better when Scarlett starts to tell him what to do because someone is telling him what to do again. At one point Mitchell is describing how

the southern whites hate the Yankees so much because the Yankees have money and food and power and they do not, yet she doesn't have any sense of irony to see that the whites are in the position that they put the slaves in for centuries. And another thing that I did not like about the book is that most of the characters are serious sociopaths. They kill anyone who breaks their rules of racial propriety. Rhett kills a black man for being "upity" to a white woman, another character, one of the Fontaine boys, kills a black man for for saying something to a white woman. We are not told what but it is pretty obvious it was sexual, so we have the sterotype of the black male sexual prowler. Then the same Fontaine boy kills Jonas Wilkinson for telling blacks men that they are

equal to whites and that they are allowed to have white women!! He doesn't just kill him, he cuts him to ribbons with a knife. There are many more examples of this psychotic behaviour. And Mitchell treats them as if they are to be admired. While reading I kept thinking these people are all nuts. I was glad they suffered ... I lost any sense of caring about what happened to any of them, including Scarlett. Also, this is a very anti-American book. Mitchell keeps going on about how awful the Yankees and the Union and the federal government are and how great Georgia and states rights are. Of course, states rights here means being able to murder anyone who

annoys you. The reconstruction section of the book should be read by everyone just to show why the flying of the Confederate flag is so offensive. It is completely un-American. And one last thing. This isn't a great love story. Rhett is really only a supporting character in the book until the last 200 pages when they get married, and for a book over 1000 pages, that's not a lot. I think people remember the movie more than the actual book. I was really disappointed with this book. I was looking forward to enjoying a nice read and discovered that it was horrible propaganda. It is really hard to believe that this book won the Pulitzer prize over *Absalom, Absalom!* by Faulkner.
