Keep in mind, reviewing evaluations can aid you make educated decisions concerning what to review following and can reveal you to brand-new authors and styles you might not have thought about in the past.

REVIEW OF COPENHAGEN MICHAEL FRAYN

- My 4th and 5th graders were at in in-between age for using dictionaries. They didn't need an elementary dictionary anymore but an adult dictionary was just a little bit too intimidating. They both love to write stories and were so excited to get this dictionary. I have the 1998 edition, but let me tell you that it has been one of the best books I bought last year (and I buy a lot of books!) My oldest says it contains every single word he has ever needed to look up. My youngest insists that it is very user-friendly. They asked for a second copy this year so that they each had their own to use. We homeschool and find it a very helpful addition to our curriculum. But I am sure that kids in public school would find this book to be a valuable reference as well. Well done!

- Clearly stated and well written book. Good potential textbook.
