REVIEW OF LA FOIRE AUX COCHONS ESPARBEC EXTRAIT

- This series has been like a roller-coaster ride for me. There have been definite peaks and valleys,

and, after suffering through a valley with "Lord of Chaos", the series has taken another rise in this installment. Several sub-plots are playing themselves out in this volume, including Rand's successful escape from his imprisonment by the Aes Sedai and his subsequent removal of Colavaere Saighan from the Sun Throne. After her removal, Rand banishes her to a farm, but she ends up hanging herself. Lan, Moiraine's former warder, has returned and has married Nynaeve. Nynaeve, Elayne, and Mat are continuing their search for the Bowl of the Winds, a ter'angreal which may be able to reverse the endless heat wave which has been covering the world and restore the world's natural weather. Finally, the Seanchan have come back and are attacking Ebou Dar. Some interesting new characters, such as the Asha'man, men who have come to the Black Tower in order to learn how to channel, have appeared in this volume. I found this book to be better than book six was. Overall, I've enjoyed the series as a whole, but there has been little consistency from one book to the next. Aside from books one and two, the quality of each following volume has changed with each ensuing installment; one book would be good, and the next would be not so good. I hope book eight will break the pattern and be at least as good, if not better, than book seven was.

- Robert Jordan is maybe one of the best authors I have ever read. From the first book to the seventh and soon eighth everyone was a wonder in itself. These books are filled with evergoing suspense, new and original theories, great fun and jokes and multicultural blend full of schemes, color, personalities... And I can go on for another hour, but then again, I probably don't have enough space for the full deal. I don't know what I'd do without RJ and I hope-I pray-that WOT won't ever come to an end.
