REVIEW OF BRIGGS AND STRATTON QUANTUM ENGINE

- You can't go wrong with Charles Dickens. Especially in reading this original, well-known, classic novel. Check out my review of A Christmas Carol on my blog:<http://trivialreviews.blogspot.com/2011/12/if-you-are-going-to-read-christmas.html>

- My bookclub was reading this book so I figured it was a classic and free so I would go ahead & "purchase" it on my Kindle. From the very beginning I was having trouble with the writing style. I trudged through thinking "this is a classic, everyone loves this story, it must get better". It never did. I only finished it for the bookclub. Otherwise I would've given up after the ghost of Christmas past. You would have to appreciate this writing style to enjoy this book.
