Overall, our analysis of Of Norms Jaap Hage has actually provided us with an abundant understanding of the story and its literary

capacity. We highly suggest this book to viewers who are seeking a thought-provoking and emotionally impactful read.

REVIEW OF OF NORMS JAAP HAGE

- The classic text of the Frankfurt School remains the most ambitious attempt to synthesize the tools of Marxism and Freudian Psychoanalysis for the project of critical theory. Horkheimer and Adorno have attempted to construct nothing less than a critique of the entire logic of modern domination, immanent within the project of the eighteenth century Enlightenment. Through a highly sophisticated, nuanced analysis of Ancient Greek Myth (with a particularly fascinating exegesis on Homer), Horkheimer and Adorno proceed to interrogate the logics of key Enlightenment thinkers such as Kant and Sade in an effort to further interrogate the "culture industry." Standout analyses of the text include the chapter on anti-semitism and the limits of enlightenment as well as enlightenment as mass deception. While I fundamentally disagree with their argument that the

Enlightenment was a project of universalization and technical mastery without self-reflection, I nevertheless see here an intricate, brilliant anatomy of the modern situation.

- As you can tell from the other reviews, if you are an intermediate or advanced player, you will probably want to skip this one. If, however, you are jumping on to the band wagon or otherwise new to poker it is an excellent introduction. Cardoza introduces you to the history of the game (not essential, but mildly interesting) as well as the basic rules. He then takes you through Draw, 7 Card Stud, Hold 'Em and Omaha. He does a good job of introducing you to some of the differences between a casino and a home game. This can help the novice player feel a bit more comfortable when sitting down at a table. Then, he goes on to the 15 Winning Concepts of Poker as well as an introduction to bluffing and discusses money management. His analysis of Draw and 7 Card Stud are very good. He skimps a bit on Hold 'Em and Omaha. His rather abbreviated discussion of these two popular forms is why I gave this book 4 stars instead of 5. If you follow the advice in the book, you will become a bit of an A-B-C player (a tight player who plays the same hands the same ways), but you can expand as you get more comfortable.
