REVIEW OF INTERNATIONAL MAXXFORCE SENSOR LOCATIONS SLIBFORME

• If you have read THE SECRET, then you would already be acquainted with those two sexy Scottish rogues, Brodick Buchanan and Ramsey Sinclair. As hinted on the ending, Brodick and Ramsey seek Iain Maitland's permission to go wife hunting in England after falling for the charms of Iain's English wife Judith. Now in this book we learn what actually happened to their quest. Brodick and Ramsey are now lairds of their own clan. When Brodick's godson disappears, everyone feared him dead. But little did they know that Alec Maitland was actually abducted by Ramsey's enemies who mistook the boy for Ramsey's brother, hoping to lure him out so as to ambush him. Conspiring with an English baron in search for the king's treasure, Alec was held captive in England, in the same castle where Lady Gillian was kept. Gillian was a mere child when she saw her father and people murdered by Baron Alford. It wasn't until years later that she finds out about the so-called Arianna's box, which the baron accuses her father of stealing from the king. Now all grown-up, the Baron threatens to murder her beloved uncle unless she finds her sister who he believes carries the box, and who is now apparently hiding within Ramsey's clan. So upon learning of Alec's relation with Ramsey, she risks everything to go to Scotland intent on returning the boy to his family and hopefully finding her long lost sister. But one thing she never expected is to fall in love along the way. Taking place seven years after Iain Maitland and Judith's married, RANSOM is a wonderful follow up to THE SECRET and I personally thought that the author outdid herself with this book. I enjoyed revisiting some of the old characters from THE SECRET and finding out what has happened to them since. There's plenty of humor to keep you entertained and I especially loved the banter between Brodick and Gillian and Alec Maitland's childish innocence and candor is such a joy. Gillian is a lovable heroine, courageous and compassionate and just the perfect antidote to Brodick's gruffness and cynicism. And how I enjoyed seeing Brodick slowly lose his heart! The extent he went through just to be able to keep Gillian with him, with the help of Ramsey and his own soldiers, was just delightful. And yes, the way Brodick's soldiers became so protective of Gillian was a riot. I pitied anyone who dared get near her. With its blend of murder, conspiracy and wonderful romance, RANSOM is one of Garwood's best. It was great revisiting some of the old characters from THE SECRET and finding out what has happened to them since. I thoroughly enjoyed it and, together with THE BRIDE, is so far my favorite Garwood novel.
