REVIEW OF AP CHAPTER 15 THE CHROMOSOMAL BASIS OF INHERITANCE ANSWERS

- It was not about good guys and bad guys as so many writers have made it out to be. I really appreciated the balanced perspective of this book that showed the failings on all sides of the creation of the modern middle east in the early 20th century.

- I had this book around for quite a while before I got around to reading it. When I did I was pleased that it did endeavor to address all the issues surrounding the creation of the modern middle east... but to get there it seems to wander quite a bit at times. A great book nevertheless. Just plan on spending quite a bit of time with it.
