### **REVIEW OF HEALTH AND WELLNESS GORDON EDLIN**

- The content of the cookbook was good. I always enjoy Rachael Ray's cookbooks. I had intentionally bought it as a Christmas gift. However, the book did not arrive in good condition in order to give as a gift. I was disappointed in the condition it was in. I decided to keep it myself, otherwise it would have looked like a used item.
- DNS & Bind is without a doubt the most comprehensive "bible" for System Administrators, and Internet Service Providers. It is well written with detailed

explanations of the concepts behind DNS and Unix bind. All examples are hands-on which make them invaluable for

concept implementation. I recommend this book without reservations. Joe Chimento; Director of Internet Services; BayTech Corp.
