REVIEW OF 2007 JEEP COMPASS S

- this book made me feel higher than ever. Grapes of wrath isn't half as good as this and I want to mention my appreciation for you, John.
- Excerpt from the first page of East of Eden:"I remember that the Gabilan Mountains to the east of the valley were light gaymountains full of sun and loveliness and a kind of invitation, so that you wantedto climb into their warm foothills almost as you want to climb into the lap of abeloved mother. They were

beckoning mountains with a brown grass love. The Santa Lucias stood up against the sky to the west and kept the valley from the open sea, and they were dark and brooding -- unfriendly and dangerous. I always found in myself a dread of west and a love of east. Where I ever got such an idea I cannot say, unless it could be that the morning came over the peaks of the Gabilans and the night drifted back from the ridges of the Santa Lucias. It may be that the birth and death of the day had some part in my feeling about the two ranges of mountains. "Oh my goodness, who wouldn't want to keep reading? The sheer beauty of the location is conveyed so incredibly well, along with the harsh reality of the less lush and fertile, but still awe inspiring countryside. The first pages absolutely captivated me, I don't know that I have ever read such beautiful descriptions of a place. I'll be honest, sometimes lengthy descriptive writing bores me a tad, I want plot, a story, I want to know what is going on with the people in a book. Oh, I like vivid descriptions, especially vivid descriptions of

something magnificent as much as the next person . . . but don't make those descriptions take pages and pages please. Not so with East Of Eden, I could read John Steinbeck's representation of the Salina's Valley all day long. I don't think there are many coincidences in East of Eden, there seems to be symbolism everywhere, that goes beyond all the C and A names and boys giving unappreciated gifts to their father. I wonder if there is something symbolic in the description of the eastern Gabilan Mountains seeming to be warm and representing the love of a mother, I wonder if they represent Lee the Chinese-American servant and if the dark and dangerous Santa Lucia mountains of the west represent Cathy? This is a book I could read over just to try and find nuances that I am sure are there but I have missed. It is that kind of book, you know you are missing stuff. Well, I'm at least sure that I am missing stuff! That isn't a criticism, it is praise. I think I could dig my teeth into this book again, albeit for different reasons the second time around. I rarely read books again, unless years and years have passed.
