REVIEW OF LANCER AUDIO PINOUT GUIDE

- This is the smallest complete Bible I

have found that is not a KJV. It is wonderful. It fits in my pants or jacket pocket easily. The one downside is the ESV translation. While this translation is fairly word for word, it seems to go out of its way to be obtuse at certain points. I do not know if this translation will ever gather the following it is hoping for. But if you don't mind a few difficult phrasings and occasional instances of reworded familiar passages than this Bible is perfect for travelling or taking God's Word with you wherever you go.

- I didn't purchase this book from Amazon. I found a copy that someone left in a room at the Microtel that I stayed at in Montana. The book is very nicely bound but I found that the contents were somewhat far-fetched so I had a hard time suspending disbelief. I

recommend this book to anyone who would rather not have nothing to read.
