REVIEW OF UK CAA CAP 437 6TH EDITION

- This book has so many different types of modular origami, you

could spend years trying out the different designs. Some of the instructions are mysterious, but the photographs of the finished models help. I've temporarily exhausted myself with origami, but

I'm looking forward to the untested designs in this book.

- This book is a must have. It lets you into Troy's world and really does show what a class act he is.
