REVIEW OF RAY BRADBURY FAHRENHEIT 451 IIS BACHELET

- This story is a warning against reliance on media and entertainment and government for information and leisure. The Parlors are symbolic of modern man's addiction to TV and the internet. The vapid importance of American Idol and such are lamented by Montag at the house party. When Montag is being chased by the hound, the network goes live to cover it - very much like today's

coverage of police chases. As Neil Peart of Rush said; "Hidden camera coverage from the crime scene to the courtroom." These warnings should still be heeded today.

- I had to buy this book for school. At first when I was reading it, it seemed a little boring because it wasn't the type of book I usually enjoy reading.

But after I got about 20 pages in, I couldn't put it down! I loved every description and foreshadowing, and how much of the technology was similar to today's, even though the book was written in the 1950's. I was so happy with it that yesterday I went out and bought another of Bradbury's books, *The Martian Chronicles*!
