Keep in mind, checking out evaluations can help you make educated decisions regarding what to review next and can expose you to brand-new writers and genres you might not have actually taken into consideration previously.

REVIEW OF PHILOSOPHY HERE AND NOW POWERFUL IDEAS IN EVERYDAY LIFE

- Is Howard W. Campbell's conscience clear? Should it be? Can Campbell function as an allied agent while spewing hateful propaganda over German radio? Is the good he does spying greater than the harm he does supporting Nazi power and by extension the Holocaust and WWII itself? This is Vonnegut's most conventional novel (though none of them is sci-fi really) and Campbell's eventual exile and self-doubt is beautifully and convincingly rendered. Among other things, we are asked if Campbell's attitude--having no politics but a "nation of two" with wife Helga--is sufficient in a time of war. To what extent is he responsible for his actions regardless of his intentions? And what is he to do about it, both during the war and after? Could he have done anything differently or better? Would doing nothing have been better? Aside from the moral conundrums there is a strongly realized and written novel here that holds its own with any other writer's work, with rich characters and scenes that might surprise the reader of other Vonnegut novels with its conventionality. In particular, Campbell's long exile in New York mourning Helga (and to a lesser extent himself) is often poignant. His nearly domestic relationship with George Kraft during this time is charming. Of course Kurt Vonnegut also puts Campbell in conversation with fellow Haifa prisoner Adolf Eichman, as only K.V. would do. One of Vonnegut's best.

- Nice vintage book but somewhat out dated. Also way overpriced. Check ebay before you buy one on Amazon.
