REVIEW OF 2004 PONTIAC GRAND AM MANUAL

- BRAVO! This is my all-time favorite book. Its wonderfully intriguing and sophisticated plot sparks intelligent thought, reexamination of our society, and serves as a warning for our future. This book should be on the "Human Required Reading List" anyway because of the every day references to Big Brother and other common analogies. Be prepared to be amazed by the power of the mind!

- Take a look at the media of today, they only let one view out. This is a prophetic book. American society is already well on its way with almost no turning back!! There is already propaganda everywhere. On television, everywhere... The television has become the one truth. It stops thought and feeds lies and incomplete and twisted facts...Always question authority, and think for yourself!! don't let the media think for you... they lie... ALOT!Orwell was a prophet, I tell you...
