REVIEW OF JOURNAL OF APPLIED STATISTICAL SCIENCE

- Great book. Very ahead of its time and controversial. If you like books like Anthem by Ayn Rand, 1984 by George Orwell, and Brave New World by Aldous Huxley, this is the book for you.
- WE is a true classic and an extraordinary novel in many senses. It was the inspiration behind George Orwell's book 1984, and other subsequent books of the utopian/dystopian sub-genre, such as Union Moujik, Brave World. The age-old conflict between individual self and the collective being that man has grappled with in our efforts to become more human is treated beautifully in this book. What is peculiar about it is that the author never allowed politics to dominate. Overall, the Utopian-Fantasy is a recommended read.
