REVIEW OF MARKET LEADER UPPER INTERMEDIATE BUSINESS ENGLISH COURSE BOOK

- A book well written but over-praised. If you're interested in Orwell I suggest you read his earlier works, i.e. *Keep The Aspidistra Flying*, *Down And Out In Paris And London*, *Burmese Days*, etc. etc.
- Orwell is great. *1984* tells the tale of society 30 years into the future from when Orwell actually wrote the book. The fact that he was able to see or know how things could be 30 years later and with so much detail and complexity is

awesome. And I mean with extraordinary detail! Concepts of "Newspeak" and "Doublethink" are phenomenal. You get into the main character and you start to cheer for him. You too want him to crack the system. The book may possibly get a bit slow or a touch wordy towards the end however I think it's necessary. 1984 can be a brain buster if you free your mind and let yourself understand and follow all that takes place. Your brain will

definitely get a good workout trying to understand "Newspeak" and the structure of "Big Brother". It is fun! I highly recommend this book. It stands as a warning to us all. Freedom is perhaps the greatest concept we know, it would be devastating if we forgot it! Big Brother claims, "Freedom is Slavery" or "Slavery is Freedom", "War is Peace" and "Strength is Power". What do you think?
