## **REVIEW OF AUDITING CASES SOLUTION 5TH EDITION**

- Eragon isn't exactly "funny" but it's like Starwars! I found it highly entertaining and it's very hard to put down. It really is a good book but more of a laugh book in my view. I'd reccomend this book to anyone that likes starwars, harry potter, or Warriors.

- I love to "read" while I drive. This audio version is fabulous. Very well done. I found myself driving out of my way just so I could get in an extra chapter. This book cannot, in any way, be compared to LOTR. But it does come close to being one of my favorites, next to it. The suspense and wizardry and wonderful dive into the elvin realm was enough to wet my palet. The only disappointmt for me was in knowing that I must now wait patiently for book two. This young scribe ended Book One so well and with the professionalism of an aged storyteller. I think that may have even added to the charm of the tale for me. Kudos! Bravo! Well done!
