Catalog of Copyright Entries Hal Leonard Publishing Corporation

"This book presents music titles in which the organ is part of a chamber ensemble. Alphabetized by composer, entries contain the bibliographical information for each title and a brief commentary or description, as well as information on the level of difficulty, timing, mood, fingerings/pedalings, and other performance aids. The selections are suitable for concerts and religious services and are written in a variety of styles, from Baroque to contemporary." "This catalogue will be of interest to church organists searching for a piece for organ and brass appropriate for Easter, visiting instrumentalists choosing music for a Sunday service, teachers introducing their organ students to the experience of accompanying a violin, and instrumentalists seeking a composition to play with the organ, among many others."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Praise of Mercy Flute Solos Mel Bay Publications

* How Great Thou Art * Amazing Grace * It is Well with My Soul * Be Thou My Vision * Nearer, My God, to Thee * Turn Your Eyes Upon Jesus * Jesus Paid It All * Fairest Lord Jesus * Sweet Hour of Prayer * For the Beauty of the Earth. "Praise of Mercy Flute Solos" is a collection of 10 well-known and beloved Christian hymns beautifully arranged by Susan W. Henry. They have been written to help bring peace and comfort into your life. These songs were thoughtfully chosen to include hymns which are familiar and faith promoting. "These hymns have provided comfort and inspiration to me throughout my life. I have played the flute for over 30 years. Combining my love for the hymns and the flute have created a peaceful combination in these hymn arrangements. I hope that you will find peace in your life as you play through through each of these arrangements."

Songwriting Shortcuts for the Native American Flute BookRix

Writing music can be a very rewarding and creative process, but sometimes it can be overwhelming - especially if you're new to this, or you've been told that you're not good at songwriting! When I was a kid, my piano teacher told my mom that I wasn't cut out for music. For years I listened to that false belief. Then my creativity was liberated when I started with the Native American flute. I didn't know anything about music, but I came up with my own way of writing music and capturing melodies... and it worked! That framework helped me write more than 200 songs.

With this book, you'll learn how to capture those short melodies so that you can repeat what you just played, arrange your song so that you aren't mindlessly noodling, and connect your story so you have the confidence to share your music This is the secret sauce, and in this e-book, I'll show you the shortcuts to these exact tactics! Creative endeavors require good tools. That's why I've built a toolkit for you. You'll find capturing tactics, arrangement strategies, blank NAF TAB sheets, phrasing prompts and a story sheet as part of this book to help you maximize your songwriting experience. Note: This book does not address how to write the notes on that staff. Instead, we are focusing solely on finger diagrams for now. If you already read Nakai TAB you are welcome to use that feature. I will be creating a course for learning the Nakai TAB system in the future!

Are you ready to discover new worlds, fulfill remarkable personalities, and shed on your own in a terrific story? REVIEW OF AMAZING GRACE FLUTE SOLOS WITH PIANO

- I really enjoyed learning about manufacturing. i am not and will never be an expert but wanted to increase my knowledge of manufacturing so that i can deal with some product designers that i come across.i was really impressed by the style the author has and the clarity with which he can explain relatively complex concepts.very happy with this book
- I found this book not only extremely helpful, but also fun to read. Painter, at times, can be a daunting tool. The authors presented some innovative techniques I would never have known about in a concise, clear manner. I found this book to be a refreshing departure from the glut of dry "how-to" books out there. The authors clearly enjoy using this program!
