### **REVIEW OF DESCUBRE 1 CUADERNO DE PRACTICA ANSWERS THATAVARTI**

- This was the first book I got for my Kendell. I really enjoyed this story. It was on the free list and I think young and old would really enjoy this story. I remember it from when I was little and my mother read it to me. It is even better when you can read it again. Just love it!!
- Little Women is a story about four sisters who live with their mother. I thought it was a great story because it is really easy to figure out what they are doing in a jiff. The best part of this book is that it shows the characters have feelings and emotions that are throughout the whole story. The story explains to me what it was like to live back in the older days. Yet to me this book seems new. If I could say who represents me most, it is Jo. Jo is a great reader and it comes in handy when she meets a boy named Laurie. Laurie is a rich kid who ends up being like family to these sisters. This story really reminds of how life is sometimes. Will you find out what happens to these sisters? Read Little Women and get into the story. I think the best rating for this book is four and a half stars. It needed a little more happiness towards the end. But still take the risk and read Little Women.
