FINAL IDEAS

On the whole, our team believe that Barrons New Sat 28th Edition Barrons Sat Book Only is worth a read, despite some minor problems. The one-of-a-kind narration style, relatable personalities, and plot twists make it a beneficial enhancement to your bookshelf. So, if you're trying to find an exciting read, Barrons New Sat 28th Edition Barrons Sat Book Only is certainly worth taking into consideration.

REVIEW OF BARRONS NEW SAT 28TH EDITION BARRONS SAT BOOK ONLY

- The Secret History of the Pink Carnation takes place in the same semi-fictional universe as The Scarlet Pimpernel. In the modern day, Eloise, a historian, is trying to track down the elusive English spy known only as the Pink Carnation. Allowed access to the files surrounding another flowery spy, the Purple Gentian, she sinks herself into the world of the Napoleonic era. I thought I was picking up a gritty historical fiction, a The Rule of Four. Instead, I got a humorous chick

lit/romance/female empowerment novel. Once I realized my genre-expectation was off, I relaxed and started enjoying the lightly written novel for the fun it was meant to be. I really enjoyed all of the characters. They were unique, they had quirks, and they failed as often as they succeeded -- just like people do in real life. I found the romance believable and enchanting, although the hero not someone I would want for myself. The twist at the end -- the true identity of the Pink Carnation -- isn't really a twist if you're paying attention. But the way it came about is subtle and there are clues all along. It doesn't just come out of nowhere. I finished this book in a day. I picked up the

sequel out of the library mere hours after I finished this one. If that isn't a recommendation in and of itself, I don't know what is.

- so if your looking for some serious historical piece don't grab this book. but if your looking for a light fun read take a chance! i really enjoyed reading this book, i love chick lit, what can i say. i know some of the reviewers quite detested the fact that it wasn't as history driven as they would have liked and wasn't some academic work of literature; but i for one like reading something that takes my mind off all the seriousness of my already too serious life. it's a unique chick lit- it throws you back in time, and has espionage, romance,

and a good sense of humor. it's a great book and i can't wait to get my hands on the sequels!
