And if you ever before require help finding the excellent publication, our knowledgeable staff is below to provide personalized recommendations.

REVIEW OF DUNGEONS AND DRAGONS PLAYER HANDBOOK 3 4TH EDITION

- I had read the Barrel essays and loved them. I bought the audio CD for this book, and was nervous that someone speaking out loud was not going to be as entertaining as reading the essays myself. Turns out they are even funnier when Sedaris reads them! Not every story is funny, and I agree some are a bit graphic and/or boring, but there are some hysterical, laugh out loud pieces in here, and I suspect you will find some stories you can play over and over again during future car trips. My favorite was the one about the family that had no idea how to behave in society because they did not watch television. Another favorite was the woman with two houses. Note for Dave Sedaris fans: This audio CD contains many, many stories that are not on the Dave Sedaris compilation audio CD set. I think that one runs \$50 dollars or so these days. I bought that and was disappointed to discover that the compilation CD is definitely one which must be a "best of" set from his other audio CD books. In retrospect, I would buy each audio CD book

separately to ensure I get all the stories.

- I am now beginning to realize that this fellow is making quite a living writing about nothing but random musings, some mostly rather inconsequential events in his life and managing to keep the level of entertainment at a mildly amusing consistency. This is his style, this is his book, this is everything he writes. If you can take churning away the hours with pages and pages of particularly meaningless scratch, then this is the book for you. But if you would like to be enlightened by a sincere and elemental world of wonder, interest and order, then stay in that line of folks waiting for Dan Brown to autograph your copy of the "Code." You know that line I'm talking about...that LONG line. Lucky for me that I'm the type of person who uses both legs to stand in TWO lines. That is to say, Sedaris is SO not for everyone. His books waste time. They lend no real insight toward bettering the mind or the world. All they do is depict what the world is like for a gay obsessive compulsive with too much of himself on his mind and, as I have mentioned before about today's white writers, a loving penchant for parading the n-word around like it's Shakespeare prose. I've read two of his books and he hasn't failed with it yet. I plan on getting more of the same when I read more of what he has written. Because I will read more of his work. He tells a fine story about mundane things that never make you lose interest. One of my favorite pieces in "Dress Your Family..." is more or less about worms that didn't make it to space in the "Challenger" shuttle. There is also a funny story about the existence of Santa Claus in a remote country as he prances around towns giving presents to people with his six to eight black friends. My personal fortress of solitude is the bathroom. That is pretty much the one place, or should be the one place, anyone gets any real, personal time alone. I cherish the very existence of the bathroom, so saying that I kept Sedaris' novel in there for me to read during visits is by no means a stain, so to speak, on his work. It could actually be considered flattering. Some of it is toilet humor anyway.
