## REVIEW OF TRACKED VEHICLES

- It's not easy to come across a detective story that is nearly flawless, i.e., the criminal's plan isn't too contrived, the motives are clear, the threads

the detective follows to solve the case are not too weak, etc. Watson was sent to guard the potential victim, Sir Henry Baskerville, without Holmes' company. His absence further underlined the charm of Holmes as the readers would inevitably be constantly and eagerly hoping for his reappearance. Indeed I was overjoyed when Holmes later re-entered the scene. And the dramatic way he appeared again made his savior image all the sharper and stronger. I think the story would definitely make a truly scary, exciting movie, with all the mysterious setting and dramatic moments. I have not seen the movie yet, but I am now trying to get hold of a copy of the tape.

- I bought this for my daughters literature class. Although not a book she would pick on her own, she took to this classic right away. Sherlock Holmes is one of those protagonists that will captivate readers forever.
