REVIEW OF ACS PHYSICAL CHEMISTRY OFFICIAL STUDY GUIDE

- William Golding wrote a good book contrasting two types of war. Boys are stranded on an island after a plane crash. They are challenged to face a number of opsticals, including death. The time set is during WWII.

- I think that the book, Lord Of The Flies, was a pretty good book. There were a few things that I thought were very gross. But I thought about the way my brother acts and then I thought about how true it was. I disliked the way they killed piggy just because he couldn't see. I like the way Ralph treats everyone with respect. I think the book was very wild and very fantastic.
