REVIEW OF HOLT LIFE SCIENCE INTERACTIVE STUDY GUIDES FORHIMORE

- The book "the giver" is a wonderful book, it is enchanting, and makes you think about the good things about what this life gives

us. In this book there is a boy named Jonas who has to go through a transmitting of memories because the committee of elders would need help sometimes and would need advice, Jonas now gets to be able to understand birthday parties, and other wonderful things while others are not as wonderful. he also has to see things that are horrible, while all of the other people in his community are going through sameness, and don't have choices,

and colors and rudeness or even holidays, I would recommend this book absolutely.

- For me; the Giver was truly a thought provoking experience. It made me take another look at how we live our lives and would sameness be bearable if one never knew any other way. Things that make u go hmmmmm
