So what are you waiting on? Start checking out the world of Nelson S Dream Cambridge University Press PDF downloads today and make the most of the riches of information within your reaches. **Download and install Nelson S Dream Cambridge University Press PDF cost-free** and enhance your learning experience!

REVIEW OF NELSON S DREAM CAMBRIDGE UNIVERSITY PRESS

- I was disappointed to see a negative review about such a powerful work of art... until I read it. The only bad review on Amazon was, fortunately, based entirely on total ignorance of the subject of The Plague. Ignorance is easily forgivable and even more easily curable. Albert Camus, in writing the Plague, was not out to write a nice story... if it is even possible to write such a story using the Bubonic Plague as a vehicle. Camus' goal in writing the plague was the conversion of Catholics, disenchanted with traditional belief systems after the horror of Hitler's rise in WW2, to existentialism. While I certainly can't describe all the ins and outs of existentialism here, I can say that one astute observation the reviewer made was that there was no hope. Existentialism is (in part) the eradication of hope in oneself, thereby reaching "inner peace" and so happiness. If one doesn't hope, one has no Wants to be unfulfilled; he who never knows disappointment and who just lives his life as he sees best will be truly happy. To Camus hope was the quickest way to death of the soul and the body. If one observes while reading, the characters who hope die of the plague. The characters who are able to push

aside hope and just live, doing what one must do, are the ones who survive and, in the end, are happiest. It would take pages to explain the whole novel and the whole message therein and to answer all of the "what about"s, but it is worth educating oneself just to be able to appreciate what Camus has accomplished. Armed with some knowledge of the true subject matter one can finally see that not a single sentence is out of place, not a single word does not contribute to Camus' purpose-- the gentle welcoming of readers into the arms of existential philosophy. Before reading *The Plague* one should learn something about existentialism and Camus' beliefs, or at least buy the Cliff's

Notes. After education and reading, one may not agree with Camus (I don't, personally) but one must at least acknowledge the work of a master.

- I was amazed at how well author James Burch described the Star Wars initiative that only existed in one of his character's head. Made sense, because it didn't exist in "reality" until the year after his book was published! Every word propelled the gripping story forward, yet his protagonist was deftly drawn and the imperfect human we love to root for. The ending was foreshadowed but I didn't catch it in time to ruin the exciting conclusion. A terrific first novel by Mr. Burch.
