## REVIEW OF API 670 PDF JANSBOOKSZ

- A light fairy tale with a serious undertone. I'm 29 and I still go for mature YA fantasy like this from time to time (Annette Curtis Clause is another.) Kudos for not beating us over the head with the child abuse issue. I look forward to reading more about Barbie, with or without Mab, if anything more should be written.

- This book is excellent, but severely dated. It is one of a series done for the U.S. government during The Second World War, when the best linguists of the day were hired to produce courses that would teach foreign languages to soldiers fast. This is the same methodology now used by the Foreign Service Institute to teach languages to U.S. diplomats. Many courses since The War have been produced that use this methodology with updated content, and most students will find them more congenial. See "Ultimate Italian" for an example.
