A resource for anyone who has ever dreamed of building their own business, from an entrepreneur who started from scratch, aimed high, and reimagined an industry. A Hole in the Clouds is the true story of how an unemployed flight attendant from the Philippines transformed herself into the CEO of the go-to travel agency for Intel, Apple, Syntex, Kleiner Perkins, and more. When Maryles Casto left her father's sugar plantation in the Philippines and moved to the United States as a new bride, she brought with her a love for travel and the stellar customer-service experience she'd gained as a flight attendant for Philippine Airlines. She never imagined she'd be building a business from the ground up in an unfamiliar country. But when her husband went back to school, she needed to find a job. After a disappointing attempt at door-to-door sales, Maryles landed a job at a local travel agency and dedicated herself to learning everything she could. She took her knowledge to her next employer, along with her characteristic determination, energy, focus, and grit. By the time she left to start her own travel agency, Maryles was the only agent Silicon Valley giant Andy Grove trusted to handle his travel plans. In this book, Maryles shares how she built her business from a \$1500 startup to a \$200 million company, with the respect of Silicon Valley's pioneers. She talks about the advice she received from Andy Grove, Robert Noyce, and Steve Jobs, and she has the notable distinction of possibly being the only contractor to hang up on Steve Jobs without losing his business. Beyond that, she offers invaluable lessons about how she shaped her business and what it took to thrive in an industry threatened by extinction.

**Wanderlust Road Trips** Hachette UK

Following My Thumb follows the wandering, rambling, bumbling travels of Gabriel Morris from 1990-2000. In the summer of 1990, at the age of 18, he sets off to Europe with his over-sized backpack, thumb guiding the way. He hitchhikes the entire length of Great Britain, sleeps in barns, on bridges and beaches and under benches, explores the Greek Isles, sneaks into a Parisian movie theater, spends a night at the center of the Place de la Concorde roundabout, and more. In Part 2 of the book, he spends the bulk of the mid-1990s as a wandering traveler back home in the United States, searching for something elusive: a place to call home, a community, love, adventure, meaning, purpose. He both finds and loses all to varying degrees as he attends tribal Rainbow Gatherings in the woods, falls in and out of love on the road, lives on farms and communes, and spends several months in an idyllic valley, far from civilization in the Hawaiian rainforest. The book culminates with his amazing and thought-provoking travels in the mystical land of India.

## REVIEW OF RICK STEVES ISTANBUL YOUTUBE

- This book is exactly what you need to start a small business. Legal Zoom was going to charge me over \$700.00!

- I'm not normally a fan of "chick lit" or books that have pink covers, but this book may have changed my mind. It's an ingenious hybrid of romance, history, and "chick lit", and it combines all three effortlessly. Being a grad student myself, I empathize with Eloise's struggles, and enjoying historical intrigue (and being a huge fan of Baroness Orczy's Scarlet Pimpernel!) I loved the regency spy novel parts. I'm not a big romance reader, so that part surprised me, but it was well-handled and not too ridiculous. It was just what I needed for a fantastic vacation from school work and modern-day drudgery.
