REVIEW OF 2000 VOLKSWAGEN JETTA MANUAL

- When you start reading the book you do not understand anything , but then more and more the fictual world is building up in your mind. The

main character a boynamed Jonas is a little bit out of the ordinary . So for example he csn see things others can't.He lives in a "preconditioned" world where people are not supposed to do their own decisions . Later he becoms the Receiver of his community . That means he will be after his training the leader of the Elders a committee that leads the community . And last but not least there is a rule for everything even for things like the age when children get their bikes . All in all "The Giver" is a very interesting novel that by the way was awarded with the Newbery Medal and other important prizes . But I think you have to make up your own

opinion so buy it , read it , like it .

- The Giver is about a boy named Jonas. He lives in the future with his mom, dad, and his sister Lily. He is an eleven and is about to become a twelve and will get his assignment. An assignment is a job. He gets the job as The Receiver of Memories and, something very surprising happens. I liked the giver. It was a

good book, because it made me just want to keep on reading it. I especially liked the ending witch you will have to read to find out what happens. I learned that you shouldn't play god, because it messes up peoples lives. I also think that the school system was cool, because they had more responsibility then we do and they get a job when they're twelve. Thats why I think the Giver is a good book.
