## REVIEW OF APPLICATION SOFTWARE MAINTENANCE AND SUPPORT GUIDELINES

- I like the later retellings by Michael Phillips as he leaves in more of the spiritual stuff, but this is a good entry level book into a very deep author. I re-read all the MacDonalds every year or so.

- with many reviews that were already written for this classic, i prefer to just commend the wonderful writing style of gabriel garcia marquez. just like

what it is touted to be, it is a book that will remind you of your grandparents, with all their stories and superstitions. only one word would sum up everything in this book, and, i think, that is: stunning.
