REVIEW OF HOTPOINT AQUALTIS TUMBLE

DRYER MANUAL

- One of baseball's great minds meets one of sportswriting's great pens to produce an outstanding picture of management in modern professional sports. The thread of a crucial three-game series ties together a fabric of exposition regarding Tony Larussa's approach to decision making, player shepherding, coping with events that force changes in strategy and tactics,

and a patchwork of stories regarding about his players, competition, the people who taught him and their predecessors. The book makes highly informative and enjoyable reading for aficionados, a mind-expanding experience for less deeply involved fans, and a fine glimpse of a "man behind the curtain" wizard for anyone intrigued by mastermind management.

- Outstanding book. If you have ever wanted to get inside the head of a professional manager, this is your chance!
