### REVIEW OF ADOBE PREMIERE ELEMENTS 11 USER GUIDE

- This is an incredible book. One of my best friends recommended it to me years ago. I am 56 years old and have been an avid reader my entire life and I can tell you that it is the best book I have ever read, bar none. I still have my hard copy and I cherish it so much I won't even lend it out to my closest friends.
- great book, although i dont care to read this paperback version due to the size of the font and layout. its all just so crammed in there!! its lightweight but thick, i would prefer to read a digital version or have a hardcover to keep around. this pronted paperback version is not ideal ~
