REVIEW OF CIVIL ENGINEERING OBJECTIVE RS KHURMI

- I started this book with ok expectations. As I continued the book, I found that it had the same "something" that the Harry Potter series has. That "something" being defined as the inability to put the book down of your own accord. You find yourself reading for hours when you did not intend to, and you find yourself loving every bit of it. You find yourself feeling the emotions of the characters, you feel their anger, their sorrow and their need for vengeance. In the end, you find yourself buying the next book, "Eldest," the same day you finish Eragon (as I did.)

- I was drawn to this book by it's cover. Then I read a few reviews on Amazon and purchased it. I was interested to read a book written by one so young. I was skeptical at first, comparing the prose to more experienced writers. By chapter three, I was hooked. I found this to be one of the most beautiful stories I have read. I found the writing everthing I enjoy in novels. The scenery is well

described, the character development is well done. The mystery surrounding each character is beautifully revealed throughout the book. I could not wait to get home from work to get back to it each day. I love Saphira and can not wait for the second book to visit with my new favorite characters. I would not compare this book to any other. It is one in it's own and I look forward to

more from this young author. I am in my fifties and would recommend this book for young and young at heart. In fact I will buy another for my grand son for his birthday. Who says You can't judge a book by it's cover?
