REVIEW OF REVIEW BIOLOGY CHAPTER 12 ANSWERS KEY

- I gave this book 3 stars because it reads easily enough, there are some insightful moments, and because it is fairly enjoyable with the exchange between the author and Pooh bear. But, this book is not recommended for anyone wanting to understand taoism. Much of the book contains almost bitter western bashing, or the condemning of certain modes of life, which does not actually help to reinforce taoist concepts. There are portions that read more like rants, even.
- This book is a little treasure. It takes the

beloved story of Winnie the Pooh and explains the complexities of Taoism. It's not trite or juvenile however. It's quite simple to read and will leave you feeling like you learned something that you want to share.
