## REVIEW OF FROM KUTCH TO TASHKENT BY FAROOQ BAJWA

- I'm not giving The Scarlet Letter 3 stars because I think it is a mediocre book; I'm giving the book 3 stars because it is NOT FOR EVERYBODY. This is not a Jon Krakauer book that you can pick up and be gripped cover to cover. It is, however, masterfully written. Characterization is very deep and relevant, and symbolism is huge. One major flaw in this novel's symbolism is that its elements are not as relevant to society as they used to be. However, there exists no better primer on the lessons of guilt, sin, repression, and repentance than The Scarlet Letter. By the way, I'm a high school student who was forced to read this, and let me say this to all the other such people who bashed this book for being boring: Please recognize this as a work of LITERATURE and not as a basis of comparison for RL Stine books. The reason for the 3 stars is because this is not the type of book I recommend you buy for an airplane trip or anything of the like. This book is masterfully intricate, artistically complex, and worthy of more than just a passing glance over the words on the page...
- I'm sure I would be able to understand the vivid descriptions and symbolism in this book much better, if Hawthorne were not writing in some sort of moon man language. I don't know about the production of narcotics in the 1800's, but I honestly think that Hawthorne wasn't on a natural high if you know what I'm saying.
