REVIEW OF DRURY MANAGEMENT AND COST ACCOUNTING ANSWERS

PDF PDF DOWNLOAD

- Oh. My. God. This is an AMAZING book. Can't wait to read the 2nd. This is a really, really, really, REALLY god book. I loved it.
- I am not normally a fan of this type of novel (hell, I read science fiction), but I read this book for an English AP class this summer, and I must say that I liked it. As a snapshot of English social life at the time it was written, it is faultless. The plot, while somewhat inconsequential by today's so-called "standards", is entertaining, and leaves the reader in a state of suspense up 'till the conclusion. The dialogue is also very charming, witty, and definately a product of it's time, but relevant. There are novels throughout the history of literature that stand as epoches for certain time periods, and Emma can be realistically called one of them. It wraps up the early 19th century English social life period very well, and more realistically and less sense of being dated than Pride and Prejudice or some of Jane Austen's other novels (or those of her contemporaries.) If you like this type of novel it is a must read, or, if you're like me, it is something interesting to pick up when you want something different from what you usually read.
