Bear in mind, checking out evaluations can aid you make informed decisions concerning what to review next and can subject you to new writers and categories you may not have actually thought about in the past.

REVIEW OF ILLIDAN WORLD WARCRAFT WILLIAM KING

- I received a copy of this for Christmas many years ago, but before that I used to have a copy of the Ulysses (Gabler Edition)(which is the complete book the way that Joyce would have preferred were it not for censorious typesetters). Comparing both versions, I sadly report that the Modern Library edition is just a lesser work compared to Joyce's true, uncensored vision. Believe it or not, this edition is the bowdlerized one...and it still ended up being confiscated due to the Comstock Act! Strange, but true. As a historical document, the Forward is a wonderful reason to buy this version because it says so darned much about the times in which the obscenity trial took place. Just make sure you can get your hands on the Gabler edition as well to compare notes. You'll see what I mean about the difference between the two. But that's only because I'm a Lit nerd. This may be a passable edition, but it's just not as strong as it could have been due to all the mucking about that was done with the original text

during Joyce's lifetime.

- All the above reviews involve one person reading Ulysses in private, sometimes with help from notes and critics. This was a wildly new way of writing a book, so perhaps it calls for a wildly new way of reading it? I'm in an amateur group in Seattle that reads it together and does a staged reading of chapter a year of Ulysses. Our performances are free so this isn't a promotion! Many of the difficult things about the book are avoided with this method....for example, it often seems obvious that voices are changing, and that becomes much clearer when one can hear the voices change. This includes jumps between different types of internal thoughts, or different literary styles. Also, the characters seem more real and easier to like when you can hear their voices. Plus, if something seems incomprehensible, you can't stop and perseverate about it during the actual performance. We spend several months reading together and listening to Joyce's prose and thinking about the different voices we hear in it, and researching the bits we don't understand, including esoteric references and pronunciations and mysteries. Then, on Bloomsday each year, the annual celebration of Joyce, but especially Ulysses, we read that chapter in public. The program includes that chapter's key features, a synopsis of the action, the analogy with the Odyssey, the symbols in Joyce's schema and the three or four most important of the intertwining themes within the chapter, and how that chapter relates to the rest of the book. People can bring along their copy of the book and read along. This is why Bloomsday was invented and is the best way to begin to appreciate Ulysses. Well, maybe I'm wrong. Perhaps Joyce meant us to struggle, as one other reviewer suggested, to recreate the travails of Odysseus and Bloom in our own minds as we try to understand this book with no help. BUT maybe he actually meant us to read it very slowly and thoughtfully, relishing every turn of phrase, every comic and poignant moment and discussing all of the book's references, analogies and puzzles. Perhaps to overthrow the imperialism of English literature which includes telling us how a book should be read!?
