Join our neighborhood today and start your journey into the globe of literary works with simple downloads of all your preferred publications like **Dax Training Learn To Write Dax Book Excelerator Bi!**

REVIEW OF DAX TRAINING LEARN TO WRITE DAX BOOK EXCELERATOR BI

• This jewel of a book has rendered me a total Philippa Gregory junkie. An impulse buy prior to a day at the beach, *The Other Boleyn Girl* proved to be mesmerizing and completely absorbing. I inhaled the 600+ pages in two days. I thought I was fairly familiar with Tudor history, but had not before

heard of Anne Boleyn's older sister Mary, let alone known that Mary bore Henry VIII children. The sisterly rivalry, the unbridled ambition of Anne, the treachery of court life all come alive in this massive work that is as light as a feather to read. Warning: you will want to immediately go and purchase *The Queen's Fool* and *The Virgin's Lover* (the sequels) as I did. Buy all three of these books, assemble a wool throw, some chocolate, tea, and curl up during a rainstorm. You will lose yourself.

• On the surface *This Book Will Save Your Life* is the story of the man who has it all, or at least everything that money can buy. What he doesn't have is a life. He has no friends, no relationship with his family, and spends weeks at a time without leaving his home. One morning he wakes up in pain. The next morning he spots a sinkhole outside his home and suddenly everything changes. He is forced to reconsider everything he's lived for the past fifteen years and what he finds transforms him. When you dig deeper into the story though, it's less about just one man then about life itself. It's about change, transformation, living. It was a really amazing story, written with incredible depth. While some of what happens might seem preposterous and over the top, within the context of the story it is completely believable. My only complaint was how abruptly the novel came to an end. It feels like there should be more to the story. Sometimes this effect works well. I'm still not sure if this book falls into that camp or if it needs more of closure. Regardless of my feelings about the ending, I still rate this a five star book. Homes has quite a way with words. She draws you into the story completely. I found it nearly impossible to put the book down and frequently reading passages aloud to my husband or rereading them to myself. Even more surprising was that my husband who rarely reads anything that isn't non-fiction or fantasy has stated that he will probably read this book. I will definitely be picking up Homes' other novels and will be recommending this book to everyone I know.
