## **REVIEW OF APRILIA HABANA MOJITO 50 125 150 1999 2012 FACTORY**

- Donti is only compared in the class of Woodiwiss and Galbaldon. I cannot read fast enough to the end of the book to buy the next book in the series. So glad I have a Kindle.
- I really love this book. It probably would be a stretch for the typical mid-class to high class family, but for those who love to be frugal it's wonderful! Much of the tips and instructions are a little outdated for our period, but something about reading it gives you a drive to live more frugally and less wastefully. It teaches you to appreciate a simple life.
